

Regulatory & Continuous Disclosure Filing Service

? What is Continuous Disclosure?

Canadian Securities law sets out the obligations of reporting issuers, other than investment funds, for financial statements, management's discussion and analysis (MD&A), annual information forms (AIFs), business acquisition reports (BARs), material change reporting, information circulars, proxies and proxy solicitation, restricted share disclosure, and certain other continuous disclosure-related matters.

Sounds complex? It doesn't need to be!

? How can Limelight Capital help you?

We make capital simple. We have expert knowledge in continuous disclosure requirements. We will manage all regulatory filings keeping your company, its officers and directors compliant with applicable securities laws and regulations, this includes SEDAR, SEDI, TSX SecureFile, TSXV V-File, CSE and OTC Markets filings.

? Why Choose Limelight?

Traditional legal fees can range anywhere from \$400 to \$1,200 per hour. Each filing request is going to increase your legal fees!

At Limelight, we believe in reducing legal spend for issuers. When you send us your filing request, we accurately submit it across all required platforms. There is no fancy math required to calculate costs to file your press releases, financial statements, insider reports, or any other forms. Trust us, there are a lot of forms! With Limelight, we keep it simple with one low monthly rate. You send us your filings, we confirm completion and you skip the stress of regulatory filings!

What are you Waiting for?

Limelight Capital Services allows clients to streamline their regulatory compliance fees and keep more of their hard-earned capital to fuel the growth of their business.

Take advantage of a "headache free" filing retainer of \$750 plus GST per month.
